PROFILE

Skilled in HTML, CSS, Bootstrap,Tailwind CSS, JavaScript and React Js, with a strong focus on creating responsive and accessible website looking for a internship to enhance my skills Demonstrates a passion for staying up-to-date with the latest industry trends and technologies, incorporating them into projects to enhance user experiences. Excellent problem-solving and analytical skills, with a keen eye for detail and a commitment to delivering projects on time. A self-motivated individual with a strong work ethic, continuously striving for excellence in every aspect of development. Seeking an opportunity to contribute to a dynamic team and create innovative web experiences.

EXPERIENCE

Internship (April 2023 to June 2023)

As a Front End Developer at ByteWise Limited, I consistently excelled in experience sharing, fostering a collaborative environment that encouraged open communication and knowledge exchange among team members. By actively participating in team meetings, workshops, and code reviews, I contributed valuable insights and best practices to improve project efficiency and maintain high coding standards. My commitment to experience sharing played a pivotal role in enhancing our team's overall productivity and delivering successful, user-friendly web applications. Throughout my fellowship, I had the opportunity to work on a diverse range of projects, each of which challenged me in the best possible way.

PROJECTS

Personal Portfolio

In this portfolio, you will find a collection of my best works, demonstrating my expertise in front-end development. Each project showcases my ability to create responsive and mobile-friendly designs that adapt seamlessly to different screen sizes. I strive to create visually stunning and user-friendly websites.
